War with Mexico (1846-48) The American Civil War is sometimes called the "first modern war" due to the mobilization and destruction of the civilian base— total war —and due to by many technical military innovations involving railroads, telegraphs, rifles, trench warfare, and ironclad warships with turret guns.

Military history of the United States - Wikipedia

Militarism is a philosophy or system that emphasises the importance of military power. Alfred Vagts, a German historian who served in World War I, defined it as the "domination of the military man over the civilian, an undue preponderance of military demands, an emphasis on military considerations".
