Classical music. Beginning in the early 18th century, the term burlesque was used throughout Europe to describe musical works in which serious and comic elements were juxtaposed or combined to achieve a grotesque effect. As derived from literature and theatre, "burlesque" was used, and is still used, in music to indicate a bright or high-spirited mood, sometimes in contrast to seriousness.

The American Dream is a national ethos of the United States, the set of ideals (democracy, rights, liberty, opportunity and equality) in which freedom includes the opportunity for prosperity and success, as well as an upward social mobility for the family and children, achieved through hard work in a society with few barriers. In the definition of the American Dream by James Truslow Adams in ...

I. Introduction. On December 6, 1969, an estimated three hundred thousand people converged on the Altamont Motor Speedway in Northern California for a massive free concert headlined by the Rolling Stones and featuring some of the era's other great rock acts. 1 Only four months earlier, Woodstock had shown the world the power of peace and love and American youth.

Fascism - Volksgemeinschaft: Hitler envisioned the ideal German society as a Volksgemeinschaft, a racially unified and hierarchically organized body in which the interests of individuals would be strictly subordinate to those of the nation, or Volk. Like a military battalion, the people's community would be permanently prepared for war and would accept the discipline that this required.
