BIOLOGY by Miller & Levine

Welcome to the Dragonfly Book. We established this web site to support our "Dragonfly" book, first published in 2002. When the book was current, we established web pages to support each of the book's chapters, and included a host of links and other web resources for teachers and students.

Miller & Levine: The Dragonfly Book - BIOLOGY by Miller ...

A Proven Approach to Biology. A science as exciting, adaptive, and challenging as biology can't be reenacted in an ordinary textbook. It needs a bold, fearless approach—one that puts the power of a new program and new ways of thinking directly into the hands of you and your students.
