Despite various attempts at negotiation between Democrats and Republicans, the U.S. government is heading towards a partial shutdown at midnight on Friday. Although the House of Representatives passed a budget on Thursday, it contained \$5 billion for the construction of the border wall promised by President Donald Trump during the 2016 election

The government has been in a partial shutdown for 34 days, and is affecting about 800,000 federal employees directly. White House press secretary Sarah Huckabee Sanders indicated that the president was willing to accept less than the \$5.7 billion for border wall funding in a continuing resolution deal, as long as it contained a "down payment" for the wall.
