The Jeanette Glass Company, like most companies who survived the Great Depression, has quite an interesting history. The company began in 1887, in the town of Pennsylvania that shares the company's name, as a simple bottle company. The company produced handmade bottles under the business name "Jeanette Bottle Works Company."

This key assumption is what forces doctors to misdiagnose anxiety and depression and address it in an adequate way. Our doctors assume that anxiety and depression are caused by an imbalance of brain chemicals, as opposed to the brain chemical imbalance being caused by anxiety and depression. In other words; they confuse the cause with the effect.
