Minerals. These are inorganic nutrients that also play a key role in ensuring health and well-being. They include the trace elements copper, iodine, iron, manganese, selenium, and zinc together with the macro elements calcium, magnesium, potassium, and sodium.

Micronutrient : Vibrant America

ZNS : Zinc is an essential element; it is a critical cofactor for carbonic anhydrase, alkaline phosphatase, RNA and DNA polymerases, alcohol dehydrogenase, and many other physiologically important proteins. The peptidases, kinases, and phosphorylases are most sensitive to zinc depletion. Zinc is a key element required for active wound healing.

Keep Your Body's Healing Frequency High The application of using frequencies to heal the body has been around since the American inventor Nikola Tesla (1856 - 1943) pioneered electrical technology. "He said if you could eliminate certain outside frequencies that interfered with our bodies we would have greater resistance toward disease."
