**Fear For Hire**

Fear for Hire had me stumped all the way through the book. There is a very weird romance that starts when Jack is hired by his psychologist brother to kidnap a woman to help her overcome her fear of being tied up. Jack kidnaps the girl from the address he was given but it was the wrong girl, it was reporter Molly Rhoades.

Love, love, love the book. I just got done reading the Lisa Gardner Series, Det. D.D. Warren Series, and I thought it was going to be hard finding a book as good as hers. I was wrong -- Fear for Hire was a wonderful, intriguing read and very well written. I had a hard time putting it down. Hope to see more from this author.
