INTRODUCTION Pollution is the introduction of a contaminant into a natural environment, usually by humans. While most people think of pollution as chemical waste dumped into rivers, or factories spewing toxins into the air, it can also include light pollution or sound pollution.

Free Essay: Introduction Pollution - studymode.com

I think that pollution is a horrible thing. We need to think about what we are doing to the planet. Before it's too late, the future generations should be taught to respect the environment and treat the family car as a last resort, using public transport and foot before where applicable.

Bad Religion - I Want To Conquer The World Lyrics ...

That's right, Russians would rather destroy their own country than leave it for any invader. And if you're thinking that was a long time ago, and modern Russians might have different sensibilities, remember they did that when the Nazis invaded in World War II, and at first many Russians welcomed the German s.From there, the fighting only got more brutal.

The National Anthem The Star-Spangled Banner. Oh, say, can you see, by the dawn's early light, What so proudly we hailed at the twilight's last gleaming?

The National Anthem - U.S. Flag

For more practical detail the behavior you wish to continue indefinitely must be defined. For example: Environmental sustainability is the ability to maintain rates of renewable resource harvest, pollution creation, and non-renewable resource depletion that can be continued indefinitely.. Economic sustainability is the ability to support a defined level of economic production indefinitely.

Definition of Sustainability - thwink.org
