

Human Resource Development Strategies

Human Resource Development Strategies

Human resource management (HRM or HR) is the strategic approach to the effective management of people in an organization so that they help the business to gain a competitive advantage. It is designed to maximize employee performance in service of an employer's strategic objectives. [need quotation to verify] HR is primarily concerned with the management of people within organizations, focusing ...

Human resource management - Wikipedia

Human development is the science that seeks to understand how and why the people of all ages and circumstances change or remain the same over time. It involves studies of the human condition with its core being the capability approach. The inequality adjusted Human Development Index is used as a way of measuring actual progress in human development by the United Nations.
