Many hunters wonder if disturbances of various kinds can force deer to abandon an established home range, or whether deer will permanently leave a home range in search of better conditions, such as less hunting pressure, more abundant food, less intimidation by more dominant bucks, or greater breeding opportunities. However, numerous studies have shown that ...

During the American Revolution, those who continued to support King George III of Great Britain came to be known as Loyalists. Loyalists are to be contrasted with Patriots, who supported the Revolution. Historians have estimated that during the American Revolution, between 15 and 20 percent of the white population of the colonies, or about 500,000 people, were Loyalists.

The Olde English Bulldogge is a breed that is one in a million. Instead of developing the breed for a specific look, color pattern or size, it was developed for health, ability and temperament. It was bred to better an existing breed and this goal has been accomplished with great results and generations of healthy canines to prove it. . . .

Land reform - Mexico: The Mexican reform of 1915 followed a revolution and dealt mainly with lands of Indian villages that had been illegally absorbed by neighbouring haciendas (plantations). Legally there was no serfdom; but the Indian wage workers, or peons, were reduced to virtual serfdom through indebtedness. Thus, the landlords were masters of the land and of the peons.
