If you think you're ready to build your own houseboat, or if you just want to get some ideas on house-boat building or even boat building, try studying these free houseboat plans I've found on the web. Some of the houseboat plans can be downloaded, but some open very slowly. Also, I've included some sites that have great information on boat building and boat building materials and plans.

If you feel ambitious and have some technical knowledge you can build your own crossbow. There are very few plans available but this one from a 1953 copy of Mechanix Illustrated is not too complicated and should produce a reasonably powerful recurve crossbow. You could take the methods used in this crossbow design and update it using modern materials and techniques.

crossbow plans, build your own crossbow, crossbow designs

A teardrop trailer, also known as a teardrop camper trailer, is a streamlined, compact, lightweight travel trailer, which gets its name from its teardrop profile. They usually only have sleeping space for two adults and often have a basic kitchen in the rear. Teardrop trailers first became popular in the 1930s, when magazines such as Mechanix Illustrated published plans.

Teardrop trailer - Wikipedia

HALF-SIZE PACKARD right angles to the spindle arms. Cut and thread the drag link, tie rod, brake rod and brake support. Weld the pitman arm to the steering shaft.
