Hellenistic schools of thought Pythagoreanism. Pythagoreanism is the name given to the system of philosophy and science developed by Pythagoras, which influenced nearly all the systems of Hellenistic philosophy that followed. Two schools of Pythagorean thought eventually developed; one based largely on mathematics and continuing his line of scientific work, while the other focused on his ...

Western philosophy is the philosophical thought and work of the Western world. Historically, the term refers to the philosophical thinking of Western culture, beginning with Greek philosophy of the pre-Socratics such as Thales (c. 624 - c. 546 BC) and Pythagoras (c. 570 BC - c. 495 BC), and eventually covering a large area of the globe. The word philosophy itself originated from the Ancient ...

Consciousness I think, therefore I am. Rene Descartes. Descartes argued that consciousness is axiomatic because you cannot logically deny your minds existence at the same time as using your mind to do the denying. However, his formulation and derivation of the axiom were wrong, in that he assumed one can be aware, without something to be aware of.

Three Stages of Writing 1. Early Stages The early stages of writing a philosophy paper include everything you do before you sit down and write your first draft. These early stages will involve writing, but you won't yet be trying to write a complete paper. You should instead be taking notes on the readings, sketching out your ideas, trying to explain the main argument you want to advance, and ...
