The date and origin of this term is in dispute. Evidence seems to show that in the 1760s, French colonists in the Mississippi Valley translated a Native American spoken term into the French language as peau rouge, which was then translated into English as redskin. Through the early part of the 19th century, American Indians continued to use their native word self-referentially, and it was ...

In the United States, "redskin" is regarded as a racial epithet by some, but as neutral by others, including some Native Americans. The American Heritage style guide advises that "the term redskin evokes an even more objectionable stereotype" than the use of red as a racial adjective by outsiders, while others urge writers to use the term only in a historical context.
