

The New Encyclopedia Of Daylilies More Than 1700 Outstanding Selections

The New Encyclopedia Of Daylilies

Daylilies are perennial plants, whose name alludes to the flowers which typically last no more than 24 hours (about a day or so). The flowers of most species open in early morning and wither during the following night, possibly replaced by another one on the same scape (flower stalk) the next day.

Daylily - Wikipedia

Daylily plants are graceful, summer-flowering perennials that transform the landscape with vibrant colors. Find an abundance of bare root daylily plants that are perfect for enhancing the colors of any household or garden available at Burpee. Burpee

Daylily Plants - Hardy & Easy-to-Grow Daylilies ...

How to Select a Daylily. There are several different species of daylilies, including the ubiquitous pale orange roadside lily (*Hemerocallis fulva*), the night-blooming *Hemerocallis citrina*, and the fragrant lemon lily (*Hemerocallis flava*). Most of the daylilies planted by home gardeners are hybrid cultivars.

Growing Requirements for Daylily Plants For the best quality flowers, Daylily plants should be grown in full sun, but they will tolerate light shade, especially in hot climates. Daylilies grow best in slightly acidic (pH 6 to 6.5), well drained soil that is rich in compost and other organic matter.. Daylilies will tolerate a certain amount of drought, but they perform best

Daylily Plants, How to Grow and Care for Daylilies ...

Hemerocallis fulva, the orange day-lily, tawny daylily, tiger daylily, fulvous daylily or ditch lily (also railroad daylily, roadside daylily, outhouse lily, and wash-house lily) [citation needed], is a species of daylily native to Asia. It is very widely grown as an ornamental plant in temperate climates for its showy flowers and ease of cultivation. It is not a true lily in the genus *Lilium* ...

Hemerocallis fulva - Wikipedia

True royalty among garden plants, peonies feature blossoms that can take your breath away. Most types flourish in areas with long, cold winters, leading folks to the mistaken conclusion that they're not suitable for the South.
