### **What Is The Greater Than**

In mathematics, an inequality is a relation that holds between two values when they are different (see also: equality).. The notation  $a \neq b$  means that  $a$  is not equal to  $b$ .; It does not say that one is greater than the other, or even that they can be compared in size. If the values in question are elements of an ordered set, such as the integers or the real numbers, they can be compared in size.

Example, a jug can hold up to 4 cups of water. So how much water is in it? It could be 4 cups or it could be less than 4 cups: So until we measure it, all we can say is "less than or equal to" 4 cups. To show this, we add an extra line at the bottom of the "less than" or "greater than" symbol like ...

Question: "Is it really possible for Christians to do greater works than Jesus?" Answer: In John 14:12, Jesus makes an amazing statement: "Very truly I tell you, whoever believes in me will do the works I have been doing, and they will do even greater things than these, because I am going to the Father" (emphasis added). Jesus performed many amazing and wonderful works—raising the dead
